The following Statements are compiled from the pretended Award of the two Arbitrators, Messrs. Gray and Macpherson, as showing how the Provinces of Quebec and Ontario would be affected thereby.

The figures placed opposite the respective items are those contained in said award and in public documents, with the value thereof, as nearly as can be ascertained from the public records of the Province of Canada and laws relating thereto.

-----------------------	----------------------

The figures placed in Real Amount column are taken from Public documents and are not to be understood as expressing the value of the items mentioned.

BY CLAUSE 2 OF AWARD.

REMARKS.

3. The individual Municipalities being responsible for the whole amount, see C.S.C. Cap. 83, Sect. 106 and 107 and C.S.L.C. Cap. 41, Sect. 27, of clause 2, this fund should have been stated as follows:

Capital.....	\$7,300,000.00
Less Sinking Fund.....	429,548.63

6,870,451.37

Interest.....	3,517,084.26

For the above figures see Mr. Langton's statement of the assets enumerated in the 4th Schedule, &c., 14 and 15.

4. An advance made in 1858; an over expenditure, consequently no asset.
5. This amount was charged against the University improperly and the debt is repudiated by it. The item was written off to Consolidated Fund before Confederation; no asset.

<i>Carried over,</i>	<u>\$3,093,751.88</u>	<u>2,507,242.37</u>

BY CLAUSE 3 OF AWARD.

REMARKS.

1. No asset. Before receiving anything on these amounts, the principal and interest on the first issue of debentures issued under Vic. 12, Cap. 112, must be paid; and the fund has never yet paid the interest on the first issue and not likely to do so.
2. No asset. Same remarks as above.

4. This amount was transferred to Consolidated Fund investment account before Confederation. The whole of Consolidated Fund Investments are deducted from the debt, consequently this is no asset.

5. This amount of \$2,939,429.97 includes the amounts of capital and interest charged originally to the Terrebonne and Ottawa Counties. A judgment of Court declared the issue of the debentures in this case to have been illegal, declared the Counties released from all liability therefor, and an order in Council, dated the 4th June, 1861, releasing these municipalities, confirmed this judgment. This item should, therefore, be stated as follows:

Capital.....	\$2,428,140.00
Less Ottawa and Terrebonne Capital..	225,000.00
	<hr/>
	\$2,203,140.00
Less Sinking Fund.....	271,452.86
	<hr/>
	\$1,931,687.14
Interest.....	782,742.83
Less Ottawa and Terrebonne Interest	207,388.87
	<hr/>
	575,353.96
	<hr/>
	\$2,507,041.10

Figures taken from Mr. Langton's statement of assets enumerated, etc.

6. This is merely an over-expenditure for educational purposes; no asset. Grants now made yearly for educational purposes.

The figures placed in "Real Amount" column are taken from public documents, and are not intended to express the real value of the items mentioned.

BY CLAUSE 3 OF AWARD.—*Continued.*

REMARKS.

7. The amount due by the Fire Loan Books on 30th June, 1867, appears to be \$180,315.64, taking into account the O. C. passed in December, 1863. Valued by Ontario at \$87,204.03.
8. No asset at all, and does not exist in the books of the Province of Canada. It stood in the public accounts of 1865, but was transferred in 1866 to the account of Seigniorial Indemnity to Townships.
9. No asset at all. A balance left of defalcations in the Education Office.
10. An over-expenditure incurred for repairs of Court Houses and Gaol and the paying of petty jurors. Yearly assistance required for same purposes. No asset.
11. A large portion of this arose from advances made to several Municipalities on the credit of the Fund for County Court Houses, &c., and about \$36,000 more has been guaranteed to others by legislation, and will probably have to be paid by the Province of Quebec. Moreover, by the Seigniorial Act, of the total capital of the Seigniories of St. Sulpice, \$196,419.66 was made a charge to this Fund and forms part of the Seigniorial Compensation. This item of \$484,244.33 cannot possibly yield anything to Government and is no asset.
12. This is nothing but an over-expenditure ; no asset.
13. No asset. It is exactly of the same nature as the Montreal Harbour item mentioned in clause 12 of Award. Is not included in the debt of the late Province of Canada and is no asset. By award Quebec is, however, made liable, in case of any deficiency, to pay the debentures.
